

Hyde County Cooperative Extension

Hyde County has a New Agricultural Extension Agent!

Andrea Gibbs resides in Hyde County with her husband Johnny. She graduated from NC State in 2011 with a Bachelor's degree in Animal Science. After graduating Andrea worked for a contract research company, based in Raleigh, planning and implementing small plot trials on field crops and vegetables. She moved to Hyde County in the fall of 2013 where she began crop scouting for a company in Creswell. Andrea's areas of responsibility include field crops, fresh market and wholesale vegetable crops, commercial and home agriculture, & pesticide education and certification.

Small Grain Producers

Optimum planting dates are closing in quick! The Small Grain Production Guide, published by NC Cooperative Extension and NCSU, recommends Hyde County growers plant wheat between **October 30 and November 4**. For more information on variety selections, planting dates, drill calibration, seeding rates and much more visit:

<http://www.smallgrains.ncsu.edu/>

How to Calibrate a Grain Drill:
